We have a response to your request for an update on project Jonah from the Company. They would like to discuss it with Mr. Feinman before we send it because it is complicated. Who should we contact to see if we could schedule a conference call with Evan?

The Company is working on a letter detailing where they are. They have purchased one site and purchased an option on a second site. As you may know this is a \$130m project and they have not broken ground on construction. They are going to be asking for an extension based on their land purchases and raising around \$100m in committed funds. They have a letter from a third party bank verifying the funding. I have asked them to present the letters from their financiers and their explanation, so as to remove our presentation from the equation. If they do not get the extension, I do not want them to be able to accuse us based on how we presented it. I am expecting the letter this week. If Friday will not work let me know. Thanks.

Let me check with the Company. I am certain they have not met the requirements but I am going to see exactly where they are.

Hi Eric!

We are nearing the end of the performance period for the referenced company. Please supply me with an email or letter from the Commissioner of Revenue showing all investments made during years 2014-2018.

I will also need your help with employment numbers. VEC still shows ) under Dominion Aquaculture in Tazewell County. Should we be looking under a different name?

Thanks,
